- A three-prong approach helps you improve your delivery, language-use, and topic development issues.
- Complete pronunciation and speaking practice tests and get quality feedback from a TOEFL speaking mentor who has more than 22 years of TOEFL teaching experience.
- You get unlimited access to the comprehensive, reasonably priced Online TOEFL Course "The 7-Step System to Pass the TOEFL iBT."

To help you, I have designed this course to help you maximize your learning by providing all sorts of practice (And this course will provide you with all the practice that you need!). Everything you do in this course will help you to improve your speaking proficiency.

2 30 Day Lesson Plan for TOEFL Speaking from the Online TOEFL Course called [The 7-Step System to Pass the TOEFL iBT](#).

Day 1:

[Join this course](#); Complete Pronunciation [Pre-Test for Vowel and Consonant Sounds](#) and e-mail parts A-B to mbuckhoff@aol.com

Language-use practice: Choose any ONE [vocabulary](#) and any ONE [grammar](#) lesson

Study tip for vocabulary: Learn 10 words every time you study Vocabulary Lessons 3-6. Write each word onto a note-card with the word on one side and a sample sentence, a definition, and parts of speech on the other side.

Study tip for grammar: Keep a grammar journal so you can write down new structures that you are learning. Also, correlate any grammar problems that you are having with your speaking feedback and match those problems to the lessons in this section of the course. For example, if your TOEFL speaking mentor tells you that you are having some trouble forming or using adjective clauses, then you should make it a point to review that lesson in this part of my course.

Day 2:

Watch the video: [Lesson 1: Paired-Choice Independent Speaking Task](#)

Choose any ONE [independent speaking topic 1-300](#) and e-mail your 45 second response to mbuckhoff@aol.com for evaluation. Complete any TWO [independent speaking topic 1-300](#) and make 45 second audio recordings for self-evaluation.

Study tip for speaking practice: You MUST send me speaking practice if you want to improve. Be brave and do not be afraid to hear my comments. Remember, as your TOEFL speaking mentor, you are paying me to help you improve your speaking, and it is impossible for me to help you if you do not send me regular speaking practice. "Hearing is good, seeing is better, but doing is best," says a famous educator. You must do things in my course if you want to get better! Therefore, send me your speaking practice, listen to my comments, follow my suggestions, and you will get better.

3 30 Day Lesson Plan for TOEFL Speaking from the Online TOEFL Course called [The 7-Step System to Pass the TOEFL iBT](#).

Study tip for listening and reading practice: Focus on taking notes on the main and most important supporting points of these passages. Use your notes to answer the comprehension questions if you want to measure your listening or reading comprehension. Most importantly, use your notes to make 60-second oral summaries of what you read or listen to so you can evaluate your responses for self-study purposes.

Day 3:

Study [pronunciation lessons](#) for vowel and consonants, especially focusing on the lessons I recommended in your pre-test feedback.

Study tip: Read out loud, a process called tracking, with Michael as you practice all Speak Clearly lessons; this will help you to improve your intelligibility. In addition, since there is a reading passage near the end of each pronunciation video, you can also practice your integrated speaking skills by making oral summaries of what you read or listen to. Make voiced recordings of your oral summaries so that you can listen to and evaluate them for self-study purposes.
